

an introduction to political pdf

approaches, key concepts in political science, political theory and political ideology, comparative politics and U.S. politics, and international relations. The text draws on academic and applied contributions to political discourse in an effort to show students that political science is a field of inquiry with many practical uses.

Analyzing Politics: An Introduction to Political Science

questions of political philosophy, examining some of the most influential answers, from the ancient Greeks to the present day. Each chapter takes on a particular question or controversy. The natural starting-point is political power, the right to command.
