The breakout breakaway gap setup is by far the best setup for swing traders looking for explosive price action. It is also great for part-time traders who don't have time to day trade. It is also great for part-time traders who don't have time to day trade.

Trading Breakouts: The Breakaway Gap Setup | Day Trading

Understanding the Breakaway Gap. In trading, you sometimes come across gaps. A gap is basically a space, where no trading happens, between a trading period and the period before it. This usually occurs when a big event has occurred that impacts the security. Events could be a merger agreement, earnings surprise, etc.

Understanding the Breakaway Gap - Free Stock Trading

BREAKING DOWN 'Breakaway Gap'. A breakaway gap is the first phase of a security price's reversal. It can signify a price trend higher or lower. Throughout a trend reversal, investors can expect to see a breakaway gap followed by several runaway gaps and an exhaustion gap in the final phase. Gaps can be a common occurrence in security price charts.

Gap Trading Strategies: The Breakaway Gap Setup Part 2

The breakaway gap occurs when a stock "jumps" (or falls) far away from its standard trading region. It is almost always accompanied with a statistically significant increase in volume. The breakaway gap tends to be in response to some news event, such as an earnings report or a change in the company structure (e.g., firing of the CEO).

11 Easy Gap Trading Strategies | Damon Verial - Gap Trader

The size of the gap hints at an area gap, while the size of the candle and new price hints at a breakaway gap. I turn to my gap analysis algorithm for a more statistical answer:
