Competing with Giants: Survival Strategies for Local Companies in Emerging Markets

Competing with Giants: Survival Strategies for Local

This paper reviews recent research on corporate governance, with a special focus on emerging markets. It finds that better corporate governance benefit firms through greater access to financing, lower cost of capital, better performance, and more favorable treatment of all stakeholders.

3 Modern analyses focus on the period since the mid-1990s, the first point in time when the vast majority of emerging markets and developing countries increased their output faster than the

Secular Stagnation: The Long View

We present a composition-based logic toward international expansion by emerging market firms (EMFs) â€œ firms that use compositional investment, compositional competition, and compositional collaboration to create a unique competitive advantage in global competition. This view explains how EMFs creatively adopt a composition-based international strategy, enabling them to compensate for their ...
