A changeling is a creature found in folklore and folk religion throughout Europe. A changeling was believed to be a fairy child that had been left in place of a human child stolen by the fairies. The theme of the swapped child is common in medieval literature and modernly reflects concern over infants thought to be afflicted with unexplained diseases, disorders, or developmental disabilities.

The Carnegie Medal is a British literary award that annually recognizes one outstanding new book for children or young adults. It is conferred upon the author by the Chartered Institute of Library and Information Professionals (CILIP). CILIP calls it "the UK's oldest and most prestigious book award for children's writing" and claims that writers call it "the one they want to win".
