Pharmaceutics is the discipline of pharmacy that deals with the process of turning a new chemical entity (NCE) or old drugs into a medication to be used safely and effectively by patients. It is also called the science of dosage form design. There are many chemicals with pharmacological properties, but need special measures to help them achieve therapeutically relevant amounts at their sites ...

A check dam is a small, sometimes temporary, dam constructed across a swale, drainage ditch, or waterway to counteract erosion by reducing water flow velocity. Check dams themselves are not a type of new technology; rather, they are an ancient technique dating all the way back to the second century A.D. Check dams are typically, though not always, implemented as a system of several check dams ...

AUTHOR & PUNISHER, named, "one of the most prolific acts in aggressive music," by Noisey, has just released his first album on Relapse Records entitled "Beastland". His newest and most intense album recalls Ministry, channeling Godflesh, traversing through dark, uncompromising, and often disturbing soundscapes, with occasional detours into rich melodies and splinters of light.
