In present use, mythology usually refers to the collected myths of a group of people, but may also mean the study of such myths. For example, Greek mythology, Roman mythology and Hittite mythology all describe the body of myths retold among those cultures. Folklorist Alan Dundes defines myth as a sacred narrative that explains how the world and humanity evolved into their present form.

Bulfinch's Mythology is a collection of general audience works by American Latinist and banker Thomas Bulfinch, named after him and published after his death in 1867. The work was a highly successful popularization of Greek mythology for English-speaking readers. Carl J. Richard comments that it was "one of the most popular books ever published in the United States and the standard work on ...
