Abstract. Alarm fatigue has emerged as a growing concern for patient safety in healthcare. There is a need for a clear and common understanding of the concept to assist in the development of effective strategies and policies to eradicate the multi-dimensional aspects of the alarm fatigue phenomena affecting the nursing practice arena.

A community of practice (CoP) is a group of people who share a craft or a profession. The concept was first proposed by cognitive anthropologist Jean Lave and educational theorist Etienne Wenger in their 1991 book Situated Learning (Lave & Wenger 1991). Wenger then significantly expanded on the concept in his 1998 book Communities of Practice (Wenger 1998).
