Personality Neuroticism, Work-related Attitudes Organizational Culture

The Impact of Personality Traits and Employee Work-Related

Abstract. The purpose of this study is to explore the link between job satisfaction and organisational performance and to determine if there is an empirically provable relationship between these two variables, and the direction and the intensity of this relationship.

Relationship between job satisfaction and organisational

Workplace bullying is repeated and unreasonable behaviour directed towards a worker or group of workers that creates a risk to health and safety.. It is a risk to health and safety because it may affect the mental and physical health of workers. Taking steps to prevent it from occurring and responding quickly if it does is the best way to deal with workplace bullying.
