What's Your Parenting Style?

Parenting or child rearing is the process of promoting and supporting the physical, emotional, social, and intellectual development of a child from infancy to adulthood. Parenting refers to the intricacies of raising a child and not exclusively to the biological relationship. The most common caretaker in parenting is the biological parent(s) of the child in question, although others may be an ...

Positive Parenting Solutions. A safe and engaging environment must be ensured for children of all ages. In order to promote a healthy development and prevent accidents at home, this principle is essential. Besides a safe environment, children also need a positive learning environment. Parents are their children's first teacher and set an example (right or wrong) in everything that they do.

We were well into the third year of our family's new normal, before I had come to the realization that things really were different for us. That no, all kids really don't do this-whatever "this" may mean at the moment-and that we were not imagining the stress.We were not imagining the frustration. It took nearly four years to accept that the challenges we were facing couldn't simply ...
